Pampanga, Philippines | francisemil.cortez@gmail.com | +63 9928375470 | [LinkedIn](#) | [GitHub](#) | [Website](#)

## WORK EXPERIENCE

### Full Stack Developer

May 2026 - Present

*SATEZO*

*Pampanga, Philippines*

- Built and maintained production web application features using Next.js, React, Node.js, and REST APIs.
- Designed and implemented RESTful APIs and backend configurations to support data handling workflows across multiple application modules.
- Engineered reusable components and backend optimizations that improved application stability, performance, and scalability.

### Backend Developer - Intern

February 2026 - March 2026

*Nola Web Solutions*

*Pampanga, Philippines*

- Developed RESTful APIs and database-driven backend workflows using Laravel and MySQL for internal tools and client-facing web applications.
- Implemented a custom GoHighLevel-PayMongo payment integration handling checkout creation, payment verification, and transaction synchronization.
- Configured webhook handling and refund processing to ensure reliable, real-time payment status updates across systems.

## PROJECTS

### Twitch Insights | *React, Tailwind, Flask, MongoDB, RoBERTa NLP*

- Built a live comment sentiment analysis platform that processes real-time Twitch chat activity and presents audience insights through dashboards, sentiment charts, reports, and word clouds.

### NOLA PayMongo | *Laravel, MySQL, Tailwind, PayMongo, GoHighLevel API*

- Developed a custom payment provider that connects GoHighLevel with PayMongo, supporting checkout sessions, payment verification, refunds, webhooks, OAuth flow, and transaction tracking.

### PennyWings Budget Tracker | *React, Tailwind, Supabase, TanStack Query*

- Developed a finance management platform with user authentication, budget monitoring, transaction management, financial analytics, and AI-assisted insights to support personal finance tracking.

### Personal Portfolio | *Next.js, Tailwind*

- Developed a responsive professional portfolio website that highlights selected projects, technical skills, and work experience, while providing an organized overview of professional background.

## TECHNICAL SKILLS

- **Languages:** TypeScript, JavaScript, PHP, SQL, Python
- **Frontend:** Next.js, Tailwind, React
- **Backend:** Laravel, Express, Node.js, Flask
- **Database:** MySQL, MongoDB, PostgreSQL, Firebase, Supabase, Neon
- **Automation & Integrations:** GoHighLevel, n8n, REST APIs, Webhooks
- **Tools & Technologies:** Git, GitHub, Hostinger, GCP

## CERTIFICATIONS

- Cloud Computing Fundamentals | JavaScript Essentials 1 | Introduction to IoT and Digital Transformation | Civil Service Professional Eligibility

## EDUCATION

### Bachelor of Science in Information Technology

2022 - 2026

*Pampanga State University (former Don Honorio Ventura State University)*

*Magna Cum Laude*
